***Venkataadhri Samam Sthaanam Brahmaanday Naasthi Kinchana  
Venkatesa Samodevo Na Bhutho Na Bhavishyathi***

*(In the Entire Universe there is no one parallel to Lord who resides on the hills of Venkataadhri neither in the past nor in the future)*

**Om Namō  
Venkatesaya**

In Kaliyuga, **Sree Venkateswara Vratam** is considered an excellent way to get the grace and blessings of Lord Venkateswara. I heard many things about the miracles and wonders of the Lord. I worshipped the Lord as my life. He is the greatest Lord of wonders, an ocean of compassion, embodiment of kindness, remover of obstacles and miseries - of all his believers. He is the navigator to cross the ocean of difficulties, for his worshippers. He showers his love and affection upon his devotees. There is no doubt that he takes complete responsibility of his devotees, who lead their lives in virtuous way and who surrender themselves to him.

## ***Miracles in my life ....***

Since my childhood, I visited Tirumala Tirupathi every year during holidays. I always worshipped, believed and loved Lord Venkateswara with my full heart. In the year 2000, I saw a very bright light in my dream and heard a voice saying "you have to perform Sree Venkateswara Vratam immediately". When I opened my eyes, it was dark around me, so I went back to sleep. I enquired about Sree Venkateswara Vratam but could not find any details from anyone. I asked many priests in different temples but no one knew about it. After some time, I completely forgot about the dream.

I moved to California after marriage and had that same dream again in May 2010. Exactly the same voice saying, "You did not perform Sree Venkateswara Vratam, you have to do the Vratam and also tell everyone to perform this Vratam, so that they could reduce their bad karma and increase their good karma". In my dream, I asked the Lord, "why would people believe me" - he said that he will show the path and I would follow it.

After performing the Vratam on Sep 4<sup>th</sup> 2010, we started witnessing the miracles in our home and then had many experiences which cannot be logically explained. It started with the prasadam becoming like a laddu on the Vratam day. We woke up with akshinthalu (haldi mixed with rice grains) on our bed on Sep 5<sup>th</sup> 2010. We witnessed many events such as milk with honey showing up in the puja room, deepams being ready with ghee, haldi coming out of the Lord's picture in our puja room. And since Sep 11<sup>th</sup> 2010, honey started flowing from the idols of Lord Balaji - Padmavathi in our home. You can see the pictures and the videos of all these events from the Photos and Videos link on our website.

Per the Lord's instruction, we published a book in Telugu titled "Sree Vaari Leelalu - Sree Venkateswara Vratam". We are currently distributing 42,000 Telugu books free of cost in India. Very soon, we will distribute free printed books in other languages as well in India.

Sree Venkateswara Vratam **PDF book** is now available for **FREE** download in **English, Telugu, Hindi, Marathi, Kannada and Tamil**. We also have Vratam audio in **Telugu and English MP3** for download and Youtube streaming version.
